

pago

STARRTEC Integration Procedure

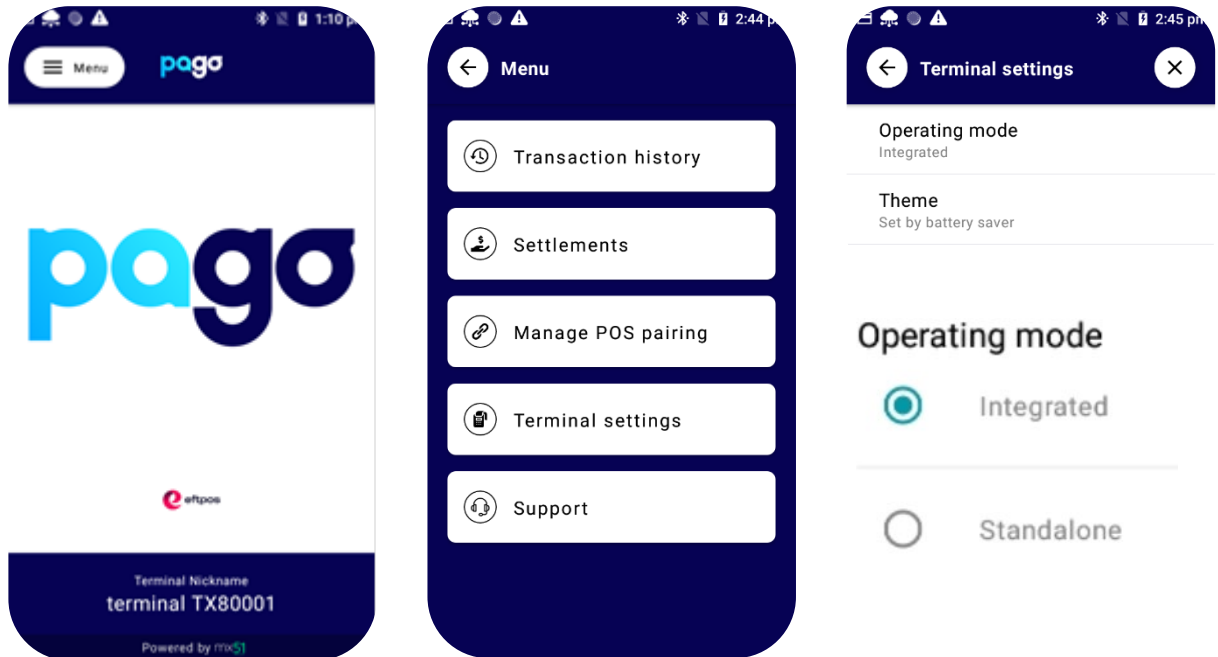

BEFORE YOU BEGIN

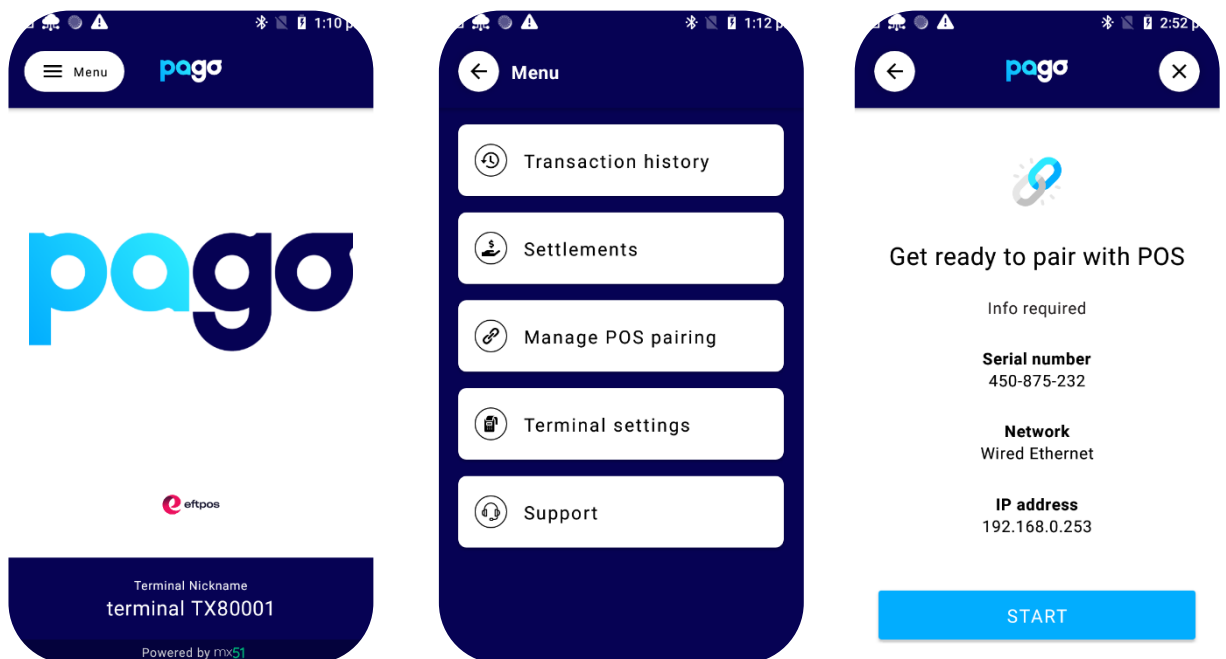

Contact the STARTEC support team on (07) 3808 9917 to make sure they are available for the installation, as they may be required.

Preparing the Terminal

1. Make sure the terminal is in Integrated mode. If it's already there, skip to #2. Menu → Terminal Settings → Operating mode → Integrated.

2. Menu → Manage POS Pairing → Blue + Don't push start yet - leave the terminal on this screen for now.

Configuring StarrPOS Now

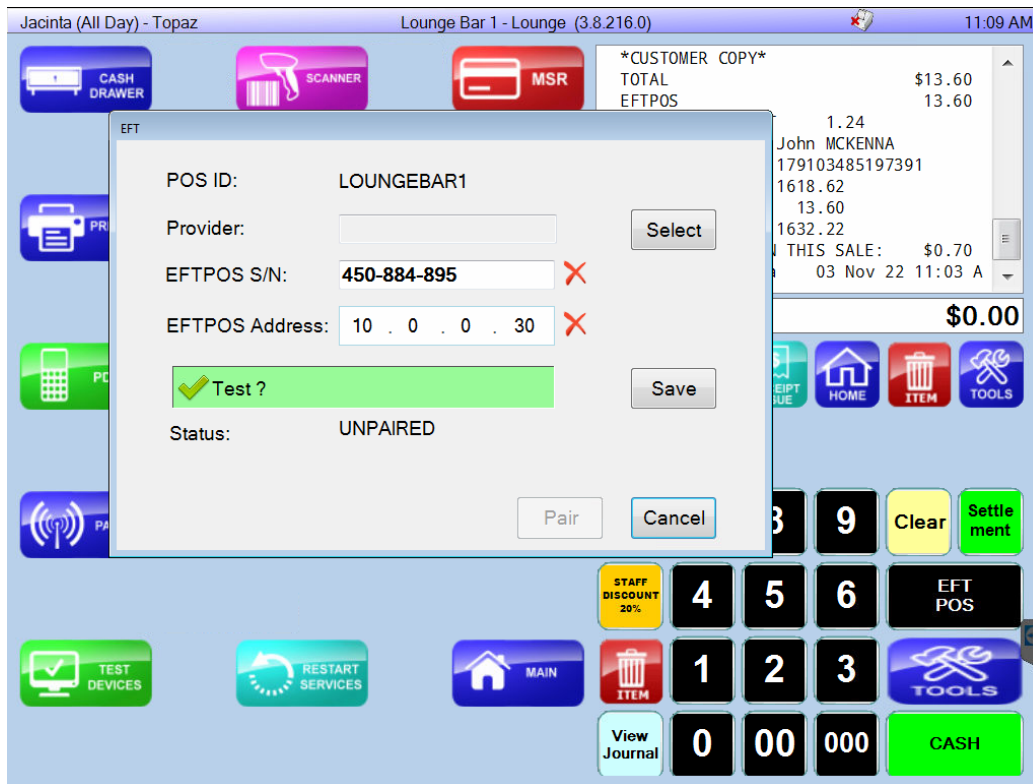

1. Login as a manager and seek assistance from the merchant to do this as we don't have a code
2. Select **Tools**

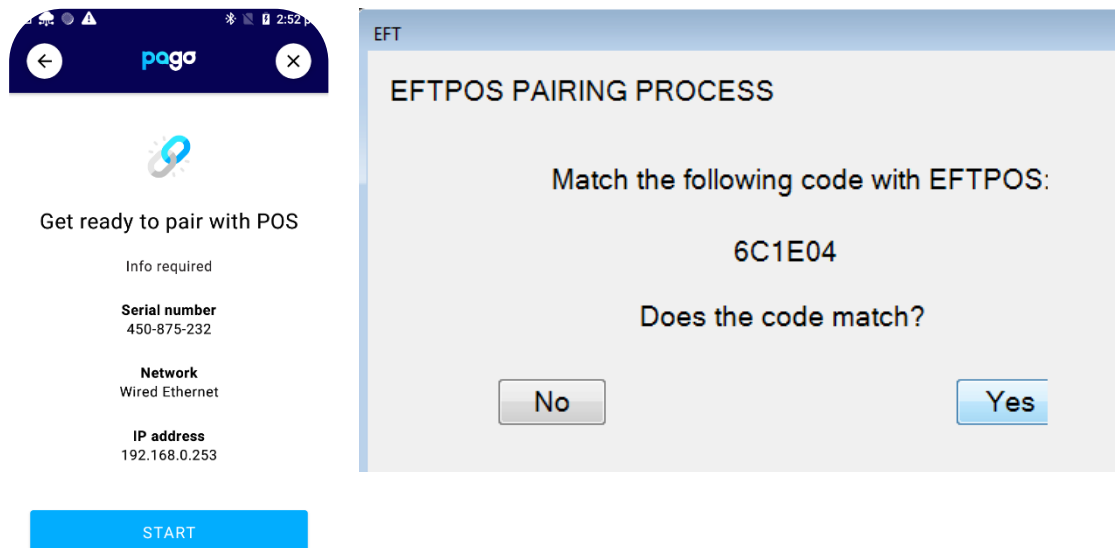

3. Select **Device Settings**
4. Select **Next Payments** from the Provider list dropdown. If this doesn't populate a list, enter **next** as the manual code

Enter the **Provider** POS ID (This is usually the same as how the POS is identified. (E.g POS1, Lounge bar, Restaurant, Reception)

- Enter the EFTPOS S/N and IP Address of the terminal
N.B make sure the Test box is not ticked, should have a red cross

- Select **Start** on the Terminal, then **Pair** on Starttec
Make sure the codes match, select **Yes** on the terminal
